-----------------------------------------------------------------------------------	-----------

Performance	Apply scene control measures and operate control and mitigation equipment.
Standards	In accordance with approved references and organisational doctrine.
Conditions	Given simulated rope rescue incident.
Comments	

<b>Identify the need for technical rescue resources at rope rescue incidents.</b>		<b>704224D05</b>
Performance	Identify the need for technical rescue resources at rope rescue incidents.	
Standards	In accordance with approved references and organisational doctrine.	
Conditions	Given simulated rope rescue incident.	
Comments		
<b>Evaluate resource capabilities and limitations in relation to rope rescue operations.</b>		<b>704224D06</b>
Performance	Evaluate resource capabilities and limitations in relation to rope rescue operations	
Standards	In accordance with approved references and organisational doctrine.	
Conditions	Given simulated rope rescue incident.	
Comments		
<b>Explain the principles of of mechanical advantage for rope rescue.</b>		<b>704224D07</b>
Performance	Explain the principles of of mechanical advantage for rope rescue.	
Standards	In accordance with approved references and organisational doctrine.	
Conditions	Given simulated rope rescue incident.	
Comments		
<b>Assist hauling rescue load during rope rescue mechanical advantage system operation.</b>		<b>704224D08</b>
Performance	Assist hauling rescue load during rope rescue mechanical advantage system operation.	
Standards	In accordance with approved references and organisational doctrine.	
Conditions	Given simulated rope rescue incident.	
Comments		
<b>Communicate safety concerns and respond to operational commands during raising operations.</b>		<b>704224D09</b>
Performance	Communicate safety concerns and respond to operational commands during raising operations.	
Standards	In accordance with approved references and organisational doctrine.	
Conditions	Given simulated rope rescue incident.	
Comments		
<b>Identify and interpret reference materials and technical information relevant for rope rescue incidents.</b>		<b>704224D10</b>
Performance	Identify and interpret reference materials and technical information relevant for rope rescue incidents.	
Standards	In accordance with approved references and organisational doctrine.	
Conditions	Given simulated rope rescue incident.	
Comments	Range: may include, but not limited to: equipment technical information, weather forecasts, emergency response guides.	
<b>Select and use personal protective equipment at rope rescue incidents.</b>		<b>704224D11</b>
Performance	Select and use personal protective equipment at rope rescue incidents.	
Standards	In accordance with approved references and organisational doctrine.	
Conditions	Given simulated rope rescue incident.	
Comments	Range: may include but not limited to: helmet, harness, goggles, gloves, whistle.	

<b>Implement operational procedures and select planning forms.</b>	<b>704224D12</b>
--------------------------------------------------------------------	------------------

Performance	Implement operational procedures and select planning forms.
Standards	In accordance with approved references and organisational doctrine.
Conditions	Given simulated rope rescue incident.
Comments	Given operating procedures and forms.

<b>Carry out awareness level assignment at rope rescue incident.</b>	<b>704224D13</b>
----------------------------------------------------------------------	------------------

Performance	Carry out awareness level assignment at rope rescue incident effectively within an incident command structure.
Standards	In accordance with approved references and organisational doctrine.
Conditions	Given simulated rope rescue incident.
Comments	Given assignment specified in incident action plan, in support of operations- or -technician level personnel.

<b>Report assignment progress to incident command at rope rescue.</b>	<b>704224D14</b>
-----------------------------------------------------------------------	------------------

Performance	Report assignment progress to incident command or supervisor at rope rescue.
Standards	In accordance with approved references and organisational doctrine.
Conditions	Given simulated rope rescue incident.
Comments	

<b>Ensure welfare of personnel at rope rescue incidents.</b>	<b>704224D15</b>
--------------------------------------------------------------	------------------

Performance	Ensure welfare of personnel at rope rescue incidents.
Standards	In accordance with approved references and organisational doctrine.
Conditions	Given simulated rope rescue incident.
Comments	Range: Must include, but not limited to: environmental exposure, rehabilitation (rest).
